**Topic: Helium Discussion on an NPR Radio Program**

December 19, 2024

Sophia Hayes, Professor of Chemistry at Washington University in Saint Louis, Missouri, appeared on the NMR radio program *The Middle* November 21, 2024.

<https://www.listentothemiddle.com/episodes>

Hosted by Jeremy Hobson, a Champaign Illinois native, they discussed the importance and many roles of helium today. The link to this specific episode is [here](#).

Sophia is interviewed from 18:50 to 36:55 within the episode. A transcript is included.

Professor Hayes is also Vice Dean of Graduate Education at Washington University.
